

DISABLED VETERAN BENEFIT GUIDE SB EXPRESS LANES ON I-10

HOW IT WORKS

The SB Express Lanes are two tolled lanes in each direction of I-10 between the I-15 Interchange and Los Angeles/San Bernardino County Line. Drivers can enter and exit the SB Express Lanes on I-10 from multiple points, providing sufficient opportunity to reach various destinations along the corridor. Entering and exiting the SB Express Lanes at points other than those indicated on the map on the next page is illegal.

PRICING

Toll pricing is dynamic and fluctuates based on traffic levels. Toll prices are displayed on signs at each entry point within the corridor. The price you see at the point of entry is the price you will be charged.

PAY THE LOWEST TOLL

FasTrak is the preferred method of payment on the SB Express Lanes. It allows drivers to easily pay the lowest toll amount electronically on every tolled bridge, lane and road in California and receive discounts and special offers.
